SKILLS

PHP Laravel Framework

Javascript

Reactjs

Java

SQL Database

RESTFUL API

Elasticsearch

System Design

Python

Microsoft Excel

PROFILE

Bachelor of Computer Science (S.Kom) with focus on **web development** and **management information system** using modern frameworks and tools. Experienced in building responsive, user-friendly end-to-end applications using Laravel (Livewire, Alpine.js) and ReactJS for Front-End Development, with a strong emphasis on Role-Based Access Control (RBAC), complex database relationships using MySQL, and API integration. Passionate about developing structured, user-centric applications that deliver practical solutions to users.

EXPERIENCE

Internship, Badan Pusat Statistik Ogan Ilir

December 2025 – Present

- Develop “**PINDANG OI**” (**Portal Integrasi Data dan Informasi Penunjang**), an end-to-end activity management system using Laravel, Tailwind CSS, and Alpine.js to track employee workflows from planning to performance evaluation.
- Maintained and managed system deployment for PINDANG OI, providing technical support and guidance for 40+ BPS employees to ensure seamless daily operations.
- Developed “**MANGCEK OI**” (Mitra Bantu Ground Check), a web-based tracking system user by partners to update over 29,000 business entities in preparation for the **Sensus Ekonomi 2026** by BPS.
- Automated large-scale data uploads from “MANGCEK OI” to BPS National applications using basic Python scripts to significantly speed up the data entry process.
- Participated in the PLMN Ground Check Training, assisting BPS officers in preparing and training PLN BillMan personnel for field data collection.

Final Project

October 2024 – June 2025

- Designed and developed a Knowledge Management System (KMS) for the Computer Laboratory to support knowledge sharing and application. Built the Front-End using TailwindCSS, Laravel Blade, and Livewire, while implementing the Back-End with Laravel (Jetstream and Spatie). Also Integrated Elasticsearch to optimize search functionality and improve knowledge accessibility within the system.

Student of AWS Cloud Data Engineer And Gen AI Track Cohort at Kampus Merdeka X Revou

February 2024 – June 2024

- Complete all learning materials about AWS Data Engineer and Cloud Computing by Revou.
- Completed Final Project in Data Analysis using SQL and Excel (Pivot tables and Data Visualization).
- Completed Advanced Capstone Project in creating chatbot application using Amazon Q.

Staff of Data and Information Intern at Bawaslu Republik Indonesia

December 2023 – January 2024

- Practicing in Bawaslu RI in the Department of Data and Information Center.
- Contributing to hosting subdomains of the PPID website for each Provincial and Regency/City Bawaslu.
- Evaluating Bawaslu RI's E-PPID Public Information Service System using the EUCS method.
- Contributing to the program Rapat Teknis Pengelolaan Website Utama Bawaslu Kabupaten/Kota Hasil Unifikasi Regional.

Project-Based Virtual Intern at Rakamin Academy x Fullstack Developer Investree

June 2023 – July 2023

- Creating a RESTful API using the Laravel framework and SQL database for a blog post case study.
- Implementing unit testing on the RESTful API created using Laravel unit testing standards.
- Implementing code standards and clean code based on PHP language standards.
- Implementing JWT tokens for authentication and authorization on the RESTful API.

EDUCATION

Bachelor of Information System, Sriwijaya University

August 2021 – August 2025

GPA 3.92/4.00

CERTIFICATE

Sertifikat Kompetensi Pengembang Perangkat Lunak dan Pemrograman, Badan Nasional Sertifikasi Profesi
January 2024 – January 2027

Belajar Dasar Pemrograman Javascript, Dicoding Indonesia
September 2023 – September 2026

Memulai Dasar Pemrograman untuk Menjadi Pengembang Software, Dicoding Indonesia
July 2023 – July 2026

Responsive Web Design, freeCodeCamp
December 2022

CSS Certificate, HackerRank
June 2023

Sertifikat Kelas Belajar Dasar Node.js dan NPM, CODEPOLITAN
October 2024 – October 2027

Sertifikat Kelas Belajar Javascript DOM, CODEPOLITAN
May 2024 – May 2027

Sertifikat Kelas Belajar Javascript Asynchronous, CODEPOLITAN
May 2024 – May 2027

Memulai Pemrograman Dengan Java, Dicoding Indonesia
June 2023 – June 2026

Java Basic Certificate, HackerRank
October 2022

Memulai Pemrograman Dengan Kotlin, Dicoding Indonesia
August 2023 – August 2026

Belajar Membuat Aplikasi Android untuk Pemula, Dicoding Indonesia
August 2023 – August 2026

RELATED ACHIEVEMENTS

Awardee as the 1st winner of the Web Design Competition, IT Festival MI Polsri
October 2024

I got this award for my website design project with the theme "Building a Web for Content Creators". I managed to create a website for the branding of a content creator named Shandy Luo, who was the Guest Star of the ITFEST Polsri seminar.

Awardee as the 1st winner of the Web Design Code Competition, IT Festival HMIF Fasilkom Unsri
